I am delighted to invite you to join our innovative Honors Program!

Program Overview: A close-knit community, honors students enjoy thought-provoking seminars, small classes, leadership opportunities, and community service experiences while receiving an annual $1,500 scholarship.

* In the first two years, honors students participate in discussion-based, one credit seminars. Each seminar is team-taught by faculty providing students with unique perspectives from academic areas as diverse as biology, history, legal studies, or psychology.
* In junior and senior years, students pursue their academic interests through special projects or a thesis. Working one-on-one with their advisor/faculty mentor, students research, write and present on a topic of their choice.

Honors students are able to take advantage of:

* Guaranteed merit awards up to $60,000 over four years in addition to a $1,500 annual honors scholarship;
* Honors Program courses that have an average class size of 15;
* Opportunities to attend honors social events, the Bay Path sponsored Women's Leadership Conference, special lectures, and other unique activities;
* The annual Capitals of the World (previous trips include Paris, Rome, and Dublin to name a few) at no cost if a student qualifies to receive a Founder's Scholarship.
