The Central Mass Campus

Bay Path College launched the Central Massachusetts Campus in 2003. Administrative offices are currently located in the JRD Building on Route 20, Charlton, near the Sturbridge/Charlton line. Additional classroom space is utilized at Rehabilitative Resources, Inc. (RRI) located on Picker Road in Sturbridge. The Worcester County facility provides a state of the art adult learning experience and features spacious, well-equipped rooms with wireless networked computers, high-speed Internet access, and professional presentation and audiovisual equipment. At the Central Mass Campus, Bay Path College offers the One-Day Saturday Program for undergraduate women, with degree programs in business, liberal studies, liberal studies with a concentration in elementary or early childhood education, psychology, and paralegal studies, as well as the Master's degree in special education, which is open to men and women. The Central Mass Campus provides students with many of the student support services of the main campus, including access to administrative and academic deans, and the Registrar's Office.

Campus Community Standards of Conduct

The College is a community composed of a wide variety of men and women with different cultural and racial backgrounds, sexual orientation, and other unique qualities. The College values these differences and believes that interaction between people who may differ from each other is a positive learning experience. Respect and tolerance for everyone is a necessary part of cooperative living and learning in any campus society. Gestures of common courtesy expected of students include friendliness and respect for the safety and contentment of all. One of the most important aspects of college life is the observance of the policies and procedures of the College.

Intolerant behaviors show disrespect for others and harm both the victims and the community at large. Physical or verbal expressions of anger, rudeness, threatening or intimidating acts to others, or the use of profanity are not tolerated anywhere on campus. Verbal threats to harm either by phone, e-mail/Internet, or in person will result in immediate disciplinary action up to and including suspension or dismissal. A student who exhibits disruptive or inappropriate conduct in the classroom or anywhere on campus may be removed from campus and not allowed to attend classes.

The College reserves the right to discharge any student whose standard of scholarship, action, or social or moral tone is considered to be detrimental to the welfare of any students. Students who do not comply with College regulations may be suspended, dismissed, or placed on disciplinary probation for a period of time to be determined by the appropriate campus administrator. In order to protect the safety and welfare of the College community, Bay Path College reserves its right to suspend, dismiss or impose other disciplinary measures against any student who is convicted of a crime, whether on- or off-campus, and whether or not expressly prohibited by College policies, rules or regulations.

Reporting a Crime and Other Emergencies

We encourage all students and employees to promptly report criminal incidents and other emergencies to the campus administrator. Emergencies may also be directly reported to an emergency 911 operator.

To aid in the prevention of similar crimes or serious incidents, the College issues campus alerts in a timely manner to notify community members about certain crimes in and around our campus community. Campus members who know of a crime or other serious incident should report that incident as soon as possible to the campus administrator so that a campus alert can be issued, if warranted. Campus alerts are primarily issued through the e2 Campus System.

Bay Path College will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the College against the student who is the alleged perpetrator of the crime or offense.

Jeanne Clery Act and Campus Crime Statistics

The Campus Public Safety Department prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. This report can also be located on our web site at www.baypath.edu. This report is prepared in cooperation with the local law enforcement agency.

Campus crime, arrest and referral statistics include those reported to the designated campus officials, and local law enforcement agencies. Massachusetts law requires prompt, mandatory reporting to the local law enforcement agency by health care practitioners when they provide medical services to a person they know or reasonably suspect is suffering from wounds inflicted by a firearm or is a result of assaultive or abusive conduct. Crime reporting may be voluntary and/or confidential. A procedure is in place to anonymously capture crime statistics disclosed confidentially during such a session.

Each year, an e-mail notification is made to all enrolled students, faculty and staff that provide the web site link to access this report. Copies of the report may also be obtained from the campus administrator. All prospective employees may obtain a copy from Human Resources or from the campus administrator.

Emergency Notification - E2 Campus System

In the event that a situation arises, either on or off campus, that in the judgment of the Campus Public Safety Department or campus administrator constitutes an ongoing or continuing threat, a campus-wide "timely warning" will be issued. The warning will be issued through the e2 Campus Alert System to students, faculty and staff that have self-registered through the e2 Campus link (see link below).

The e2 Campus System is the most effective way of communicating emergency information to the entire campus population. With e2 Campus, students, faculty and staff are notified of weather delays or cancellations, emergencies and safety alerts through text messages on their cellular phones. e2

Campus is convenient, easy to use, effective and free. Campus Public Safety strongly encourages all students, faculty and staff to register for the e2 Campus System.

Anti-Discrimination Policy

Bay Path College complies fully with all federal and state laws and regulations prohibiting discrimination with respect to any (1) applicants for admission or employment, (2) students, (3) employees, or (4) volunteers of the College.

Should any student complaints arise despite Bay Path’s policies of non-discrimination on grounds of race, color, age, religion, national origin, sex, sexual orientation, handicap, ancestry, participation in discrimination complaint related activities, genetics or active military or veteran status, the review and appeal procedures which follow should be utilized as grievance procedures for prompt and equitable resolution of the dissatisfaction. This policy incorporates by reference the requirements of Title VI, Civil Rights Act of 1964; Title IX, the Educational Amendments of 1972; Sections 503 and 504 of the Rehabilitation Act of 1973; the Americans with Disabilities Act of 1990; and all other applicable federal and state laws, statutes, regulations, and executive directives. Any inquiries regarding these matters may be directed to Bay Path’s Title IX Coordinator and Affirmative Action Officer, the Vice President for Planning and Student Development.

Anti-Harassment / Anti- Discrimination

It is the goal of Bay Path College to promote an educational environment that is free of discrimination and illegal harassment, including sexual harassment. Discrimination and illegal harassment, including sexual harassment of students occurring at the College or in other settings in which students may find themselves in connection with their educational programs is unlawful and will not be tolerated by the College. Further, any retaliation against an individual who has complained about discrimination and harassment or retaliation against individuals for cooperating with an investigation of a complaint is similarly unlawful and will not be tolerated and we have provided a procedure by which inappropriate conduct will be dealt with, if encountered by students.

Because Bay Path College takes allegations of discrimination and illegal harassment, including sexual harassment seriously, we will respond promptly to these complaints and where it is determined that such inappropriate conduct has occurred, we will act promptly to eliminate the conduct and impose such corrective action as is necessary, including disciplinary action where appropriate.

Please note that while this policy sets forth the College’s goals of promoting an educational environment that is free of discrimination and illegal harassment, including sexual harassment, the policy is not designed or intended to limit our authority to discipline or take action for conduct which the College deems unacceptable, regardless of whether that conduct satisfies the definition of discrimination or illegal harassment, including sexual harassment.

Definition of Sexual Harassment

In Massachusetts, the legal definition for sexual harassment is this: “Sexual harassment” means sexual advances, requests for sexual favors, and verbal or physical conduct of a sexual nature when:

Submission to or rejection of such advances, requests or conduct is made either explicitly or implicitly a term of condition of the provision of the benefits, privileges or placement services or as a basis for the evaluation of academic achievement; or,

Such advances, requests or conduct have the purpose or effect of unreasonably interfering with an individual's education by creating an intimidating, hostile, humiliating or sexually offensive educational environment.

Under these definitions, direct or implied requests for sexual favors in exchange for actual or promised educational opportunities or benefits constitutes sexual harassment.

The legal definition of sexual harassment is broad and in addition to the above examples, other sexually oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating an environment that is hostile, offensive, intimidating, or humiliating to students may also constitute sexual harassment.

While it is not possible to list all those additional circumstances that may constitute sexual harassment, the following are some examples of conduct which if unwelcome, may constitute sexual harassment depending upon the totality of the circumstances including the severity of the conduct and its pervasiveness:

- Unwelcome sexual advances-whether they involve physical touching or not;
- Sexual epithets, jokes, written or verbal references to sexual conduct, gossip regarding one's sex life;
- Comment on an individual's body, comment about an individual's sexual activity, deficiencies, or prowess;
- Displaying sexually suggestive objects, pictures, cartoons;
- Unwelcome leering, whistling, brushing against the body, sexual gestures, suggestive or insulting comments;
- Inquiries into one's sexual experiences;
- Unwelcome discussion of one's sexual activities.

All students should take special note that, as stated above, retaliation against individuals for cooperating with an investigation of a discrimination or harassment complaint is unlawful and will not be tolerated by this organization.

Procedure for Complaints

If any student believes she or he has been the victim of discrimination or harassment, the student has the right to file a complaint with the College. This may be done in writing or verbally.

If you would like to file a complaint you may do so by contacting either the campus administrator or the Vice President for Planning and Student Development, Bay Path College, 588 Longmeadow Street, Longmeadow, MA 01106, telephone (413) 565-1333. The Vice President is also available to discuss any concerns you may have and to provide information to you about our policy on harassment and our complaint process.

Complaint Investigation

When we receive a complaint, we will promptly investigate the allegation in a fair and expeditious manner. The investigation will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances. Our investigation will include a private interview with the person filing the complaint and with the witnesses. We will also interview the person alleged to have committed the discrimination or illegal harassment. When we have completed our investigation, we will, to the extent appropriate, inform the person filing the complaint and the person alleged to have committed the alleged offense of the results of the investigation.

If we find that the allegations in the complaint have been established by the investigation, we will act promptly to eliminate the offending conduct and, where it is appropriate, we will also impose disciplinary action.

Disciplinary Action

If it is determined that inappropriate conduct has been committed we will take such action as is appropriate under the circumstances. Action may include such forms of disciplinary action as we deem appropriate under the circumstances.

State and Federal Remedies

In addition to the above, if you believe you have been subjected to discrimination or illegal harassment, you may file a formal complaint with either or both of the government agencies set forth below. Using our complaint process does not prohibit you from filing a complaint with these agencies. Each of the agencies has a short time period from alleged offense for filing a claim (EEOC-180 days; MCAD-6 months).

Campus Sex Crimes Prevention Act

The Campus Sex Crimes Prevention Act requires institutions of higher education to issue a statement advising the campus community where information concerning registered sex offenders may be obtained. In Massachusetts, this information is accessible at www.mass.gov/sorb or by calling (978) 740-6400. You may also visit the Town of Longmeadow Police Department for information regarding sex offenders in the area.

Emergency Preparedness/Disaster Plan

The Federal Emergency Management Agency (FEMA) describes an emergency as “any unplanned event that can cause deaths or significant injuries to students/staff, or that can shut down the College, disrupt operations, cause physical or environmental damage, or threaten the facility’s financial standing or public image.

Obviously, numerous events can be “emergencies” and will be handled according to the following protocol. Emergencies specifically dealt with in this plan include:

- Bomb Threats
- Explosion
- Fire Safety
- Flooding
- Fumes and/or Vapors
- Hazardous Substance Spills
- Identifying Suspicious Mail Packages
- Medical Emergency - Community Health issues
- Student Crisis
- Terrorism/Biological/Chemical Attacks
- Utility/Mechanical Failures
- Violent or Criminal Behavior
- Severe Weather/Tornado Warning
- Illness or Injury
- Emergency/Disorientation/Suicide Attempts

Bomb Threat

Remain calm and do not panic. If a written message is received, keep track of the following information:

1. Who found it
2. Who else was present
3. Where was it found or how was it delivered
4. When was it found or delivered

5. Who touched it
6. Have any previous threats been received

If the threat is received by telephone, in a calm voice, try to obtain as much information as possible about the bomb and the caller:

1. Date and exact time of call
2. Time set to explode
3. Which building it is in
4. Where it is
5. Type of bomb
6. Estimated age and gender of caller
7. Emotional state: agitated, calm, excited
8. Background noises: traffic, music, voices
9. Why it was set
10. Who is the target
11. Who is the caller

If practical do not hang up the telephone, but phone the local police department (911) immediately.

The administrator in charge and local authorities will determine a plan of action. A decision on whether or not to evacuate will be based on all of the information received.

If the decision is made to evacuate, move at least 300 feet away from the building to a designated evacuation area and wait for instruction. Stay away from glass.

Explosion

1. Report an explosion by calling 911 immediately.
2. If necessary or when directed to do so, activate the alarm system to evacuate the building.
3. When the building evacuation alarm is sounded, an emergency exists. Everyone within the building must evacuate. Closing doors will help contain a fire. **DO NOT LOCK DOORS.**
4. Do not use elevators.
5. Notify emergency personnel of anyone who may not have evacuated because of injury or inability to evacuate.

Fire Safety

- In all cases of fire, activate the nearest alarm to warn other occupants of the building to evacuate.
- When the building fire alarm is sounded, an emergency exists. All rooms/offices must be evacuated. Leave the lights on. Close, but do not lock doors. Open windows and secure personal belongings whenever possible.
- Before opening any doors, be sure to feel the surface. If the door is hot to the touch, do not open. Utilize another door, if possible, or window.
- Do not attempt to put out the fire; personnel trained in the use of fire extinguishers may try to extinguish fires that are small in nature.
- If an area is hot or smoke filled, crawl on your hands and knees.
- Use stairwells to exit and avoid elevators. Proceed out the nearest exit and assemble at least 300 feet away from the building to a designated evacuation area.
- Notify emergency personnel of anyone who may not have evacuated because of injury or inability to evacuate.
- Do not attempt to re-enter the building until emergency personnel have certified that the building is safe.

Faculty, staff, and students must abide by all safety regulations to minimize the threat of fire. Many fires start through careless disposal of smoking materials. Bay Path College does not allow smoking in any building and provides receptacles outside of buildings to dispose of smoking materials. Use of candles in offices and classrooms is prohibited. Any member of the Bay Path Community found to be in violation of regulations relating to fire safety will be subject to disciplinary action as outlined in the Student Guidebook, faculty handbook and College Operations Manual.

Flooding

If flood conditions occur in any building, call 911. Be sure to provide sufficient information including the building, room number, degree of flooding, or potential damage due to the flooding. If the degree of flooding warrants immediate evacuation, occupants must evacuate to a safe location and then call emergency responders.

Fumes and Vapors

Toxic fumes can enter a building from various sources, such as improperly stored chemicals, faulty wiring or refrigeration, equipment fires, gasoline engines operated near air intakes, etc.

If the presence of toxic fumes is suspected, the area or areas affected should be evacuated. Use a telephone away from the area and call 911.

Hazardous Substance Spills

Any major spill of a hazardous substance must be reported immediately by calling 911. Students and personnel should be evacuated from the affected area immediately. Campus officials may seal off the contaminated area to prevent further contamination until trained responders arrive.

Persons who may be contaminated by the spill/release must seek medical attention immediately.

Identifying Suspicious Mail Packages

- No Return address
- Insufficient postage or excessive postage
- Is addressee familiar with name and address of sender
- Return address and postmark are not from the same area
- Wrapped in brown paper with twine
- Grease stains or discoloration on paper
- Strange odors
- Foreign Mail, Air Mail and Special Delivery
- Restrictive markings such as confidential, personal, etc.
- Handwritten or poorly typed addresses
- Incorrect titles or titles with no names
- Misspellings of common words
- Excessive weight
- Rigid, lopsided or uneven envelope
- Protruding wires or tinfoil
- Excessive securing material such as masking tape, string, etc.

Medical Emergency - Community Health Issues

- Report any serious injury or illness by calling 911 immediately.
- Non-emergency injuries or illness should be reported to the campus administrator.
- Begin first aid, if qualified, or seek someone who is qualified to administer first aid.
- Personal safety is your first priority. Use personal protective equipment when in contact with the victim's blood or any other bodily fluid. Each campus has a first aid kit containing personal protective equipment.

Student Crisis

In the event of crisis situations involving students, immediately contact the campus administrator at (508) 248-5088. This individual will make appropriate contacts and referrals. In the event that a Bay Path College student, staff or faculty becomes aware that a student sustained a serious injury or has threatened to do violent harm to others on campus, the local police (911) must be contacted immediately.

Crisis situations could include:

- Alcohol or Drug-related emergencies
- Disruptive behavior in the classroom

- Death of a student, friend or family member
- Mental health/behavioral incidents or concerns
- Physical injury including sexual assault

Terrorism/Biological/Chemical Attacks

Due to past terrorist events, people have become increasingly concerned about protecting themselves in the event of a terrorist attack involving radioactive, chemical or biological materials. The Centers for Disease Control (CDC) is charged with leading a nationwide preparedness training and education program for state and local health care providers, first responders and governments. The CDC and the State Department of Public Health advise against the purchase of gas masks and other protective devices. In addition, the general public is advised against hoarding specific medications in anticipation of a possible bio-terrorist or chemical attack. In the event of a public health emergency, local and state health departments will inform the public about the actions individuals need to take. Acting against the recommendations of these agencies can impede the ability of hospitals, labs and other healthcare facilities in their treatment efforts of infected or seriously injured people.

The CDC's National Pharmaceutical Stockpile (NPS) Program is to ensure the availability and rapid distribution of life-saving pharmaceuticals, antidotes and other medical supplies and equipment necessary to counter the effects of nerve agents, biological pathogens and chemical agents. The NPS Program is ready for immediate distribution in the event of a terrorist attack using biological toxin or chemical agents.

In the event of a terrorist nuclear attack a national emergency-response plan would be activated and would include federal, state and local agencies. The CDC recommends finding a stable building to "shelter in" during this type of emergency. The shelter should be a basement location, have as few windows as possible and be equipped with emergency supplies that would last at least three days.

Utility/Mechanical Failures

Any emergency related to building or facility problems, such as equipment or utility failure must be reported to the campus administrator immediately by calling (508) 248-5088.

Violent or Criminal Behavior in the Classroom

Actions to Take:

1. All violent/criminal behavior should be reported by calling 911 and the campus administrator (508) 248-5088
2. To report threats and other crime reports notify the campus administrator (508) 248-5088 or call 911.
3. Practice crime prevention and learn self-defense techniques. If you do, the likelihood of becoming a victim of violent or criminal behavior will be greatly reduced.

Preventive Measures:

1. Protect yourself! Be aware of your surroundings. Walk in well-lit areas and do not walk alone. Consider carrying pepper spray for self-protection or carry a personal safety alarm to alert others if you have trouble. Learn self-defense techniques.
 2. Lock your doors.
 3. Keep inventory of your valuables and engrave them if applicable.
 4. Lock your vehicle when traveling and, when parked, do not leave valuables in plain sight.
- Report problem behaviors or actions perceived as dangerous to the campus administrator or 911.**

Severe Weather/Tornado Conditions

Severe Weather/Tornado Watch: A watch is an indication of where and when the probabilities are highest that severe weather or a tornado could occur. The National Weather Service will issue a watch bulletin to local authorities and local radio and television stations.

Severe Weather/Tornado Warning: When a severe weather/tornado sighting occurs, the National Weather Service alerts weather stations and local authorities. If severe weather or a tornado is approaching a campus official will issue a broadcast warning through the e2 Campus System.

Illness or Injury

If you become ill or are injured on campus, please contact the campus administrator or 911 immediately.

Emergency/Disorientation/Suicide Attempts

When an emergency occurs anywhere on campus, remain calm and dial **911** for police assistance. For example, if an individual:

- is or becomes unconscious
- has trouble breathing or is breathing in a strange way
- has chest pain or pressure
- is bleeding severely
- has severe pressure or pain in the abdomen that does not go away
- is vomiting or passing blood
- has seizures, a severe headache, or slurred speech
- appears to have been poisoned
- has injuries to the head, neck, or back
- has possible broken bones

Psychiatric emergency/disorientation/suicide attempt

This policy is designed to assist the student who appears to be potentially harmful to herself/himself or to those around her/him. If you have concerns about the well-being of another student, notify the campus administrator (508) 248-5088. Unusual flare-ups, outbursts of temper, staggering or stumbling, drowsiness or disorientation, and general changes in overall attitude are frequent signs that a student needs help.

Frequently students feel comfortable with faculty and staff to discuss personal issues. If you become aware of any student attempting or contemplating suicide or are fearful of them doing any sort of personal harm, please contact 911 immediately. It is important that an individual be kept safe until help arrives.

In the event that a Bay Path College student, staff or faculty member becomes aware that a student has sustained a serious self-inflicted injury or has threatened to do violent harm to others on campus, 911 should be contacted immediately. Emergency medical personnel may transport a student in acute emotional distress to the Lahey Clinic for evaluation.

Any student who makes a serious threat of harm to self or others (i.e. suicide, homicide, bodily injury) may be immediately asked to leave campus in order to insure her safety and the safety of the community as a whole. The student is not eligible to return to campus or attend classes until a letter from a psychiatrist or physician indicating the student is able to return to campus and including a follow-up regime to be sent to the campus administrator (508) 248-5088. Permission for a student to return to campus and classes is granted only in writing campus administrator and the Vice President for Planning and Student Development.
